

The Facts on Steve Pearce

STEVE PEARCE

In 2007, named one of the most corrupt members of Congress by an independent watchdog group¹.

Accepted over \$460,000 from the oil and gas industry² and then voted for energy bills that gave oil and gas companies billions in special tax breaks³. Pearce then voted against rolling back those tax breaks⁴ even as Americans were paying nearly \$4 per gallon and oil and gas companies were making billions in profits.

Has voted with President Bush more than 90 percent of the time since he became president, and continues to support his failed policies that have put our country on the wrong track⁵.

Voted against increased fuel-efficiency standards for cars which would help combat global warming and save money for consumers⁶.

Voted against renewable energy bills that would have reduced America's dependence on foreign oil⁷.
